

- EXPLANATION:**
- Line Of Geologic Cross Section  
A A'
  - Seismic Line  
S-1
  - Electrical Resistivity Sounding  
ER-1
  - Subsurface Data Point  
26-80  
(Exploratory Test Wells, Auger Holes, Road Borings, and Bedrock Wells; Described In Data Points Table)
  - Pumping Station
  - Study Area Boundary  
(Includes Broad Brook And White Brook Sub-Watersheds And A Portion Of The Manhan River Watershed)
  - Town Boundary
  - Potential Contamination Sources  
(Numbers Referenced In Tables 5, 6, or 7)
  - Sewerage Pumping Station
  - Powerline
